9th MUNICH LIABILITY SEMINAR

Liability, insurance and re-insurance, passenger rights and procurement of legal services in the air transport and aircraft finance industries

Monday 19th May 2014

Kempinski Hotel Airport Munich
EUROPEAN AIR LAW ASSOCIATION
9th Munich Liability Seminar

EALA is pleased to invite you to attend its 9th Munich Liability Seminar which will be held in Kempinski Hotel Airport Munich.

Ever since the series of Munich Liability Seminars was started by EALA in 1997 liability developments and claims handling in the air transport and aerospace industries were the focus of these conferences, presented and discussed by leading experts and prominent moderators.

The 9th Munich Liability Seminar will again cover a wide range of topical issues:

- Regulation 261/2004, the current plans for its revision in order to balance the interests of the carriers and of the passengers better and recent class actions in the U.S. based on the regulation

- Reinsurance in the civil aviation sector - a comprehensive introduction to this cornerstone of global risk management

- Suborbital spaceflight raises significant issues also in regard of liability for damage. The European and U.S. approaches to resolve these issues will be contrasted

- The criminalization of aviation accidents continues to raise concerns. A panel of well-known experts will deal in this context with such hot topics as pilot fatigue, new European cockpit crew flight time limitations, corporate manslaughter legislation and insurance coverage of criminal defense costs

- For March/April 2014 ICAO has convened a Diplomatic Conference to consider an amendment of the 1963 Tokyo Convention on Offences and Certain Other Acts Committed On Board Aircraft. The results of this Diplomatic Conference will be presented and commented.

- The in-house counsel panel concluding the 9th Munich Liability Seminar will deal with current trends and developments regarding the procurement of legal services, e.g. the selection of panels of outside lawyers, bidding for instructions, pitches, alternative fee arrangements such as capped, flat, contingency and fixed fees, discounts, blended hourly rates, legal spend managers.

We invite all aviation lawyers, airline, insurance and re-insurance industry, aircraft and aircraft engine finance, aerospace industry and airport representatives as well as government officials and academics to join us for this comprehensive programme.

The one-day format and the timing of the very successful first eight liability seminars have been retained in order to allow the delegates to travel to and from Munich the same day from most places in Europe.

The venue is as always the award winning Kempinski Hotel Airport Munich, a few steps away from the gates of Munich Airport, a young and dynamic airport with continuously high rankings in international airport surveys.

You are cordially invited to attend the conference dinner on Sunday evening, 18th May 2014. This time we will leave the hotel for a very special experience: All dinner participants will be taken by coach to the BMW Museum for an exclusive tour followed by a private dinner at the museum restaurant. After the dinner the participants will be taken back to the Kempinski Hotel Airport Munich.

PROGRAMME

SUNDAY 18TH MAY 2014
